Privacy policy

Wyze Privacy Statement

Effective: August 20, 2025

This Privacy Statement explains how Wyze Labs, Inc. ("**Wyze**", "**we**" or "**us**") processes information about you, including relating to information we collect when you use our products and services, when you contact our customer service team, engage with us on social media, and when you otherwise interact with us.

When we refer to our "**Services**" in this statement, we mean our websites (including **https://www.wyze.com**, **https://ca.wyze.com**, **https://global.wyze.com** and **https://forums.wyze.com**), apps and other online services, including the online services we provide for our Devices. When we mention "Devices," we mean Wyze-branded hardware products, including our cameras, sensors, and other devices.

We may change this Privacy Statement from time to time. If we make changes, we will notify you by revising the date at the top of the statement and, in some cases, we may provide you with additional notice (such as adding a statement to our website homepage or sending you a notification). If you are a California, Colorado, Connecticut, Delaware, Iowa, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Tennessee, Texas, Utah or Virginia resident, please also see the **California and Other State Notice of Collection and Privacy Rights** below. We encourage you to review the Privacy Statement whenever you access the Services or otherwise interact with us to stay informed about our information practices and the choices available to you.

1. Collection of Information
2. Use of Information
3. Targeted Advertising and Analytics
4. Disclosures of Information
5. Your Privacy Rights and Choices

6. Data Retention
7. Transfer of Information to the U.S. and Other Countries
8. California and Other States Notice of Collection and Privacy Rights
9. Notice to Users in Canada
10. Contact Us

COLLECTION OF INFORMATION

The information we collect about you depends on how you interact with us or use our Services. In this section, we describe the categories of information we collect and the sources of this information.

Information You Provide to Us

We collect information you provide directly to us. For example, we collect information directly from you when you create an account, fill out a form, submit or post content through any interactive features of our Services, make a purchase, communicate with us via third-party platforms, participate in a contest or promotion, volunteer as a product tester, request customer support, or otherwise communicate with us. The types of information that we collect include your:

- name
- email address
- postal address
- phone number
- username
- photographs (such as for your profile picture)
- social media profile information
- demographic information
- any other information you choose to provide

If you make a purchase, we work with a third-party payment processor to collect and process your payment information.

Some of the information we collect is considered "sensitive" under some laws. For more information and to exercise your related choices, see the **Your Privacy Rights and Choices** section below.

Information We Collect on Specific Devices

In connection with specific Devices, you may provide us with additional information, such as the name you choose for your Device, or, when setting up or using the Wyze Watch, Wyze Band or Wyze Scale, your birth year, height, weight, gender, occupation, and personal fitness goals. This information may be used, for example, to estimate various weight and other physical body metrics for you to view through our Services.

You may also provide still images in connection with creating a Smart Vision Scene in conjunction with your use of certain Wyze cameras. We use the content contained in such images to generate the Smart Vision Scene that you direct us to create. In jurisdictions where we offer Friendly Faces, if you enable Friendly Faces with your Cam Plus or Cam Protect Service, we collect and record facial images and generate and store measurements to create information relating to those images ("Facial Data"), which could be considered biometric information or biometric data in some jurisdictions.

Automatically Collected Information and Information We Generate

When you use our Services, we automatically collect or generate certain information about you as follows:

- When your Device is connected to our Services, our Services will collect various **Device Log and Sensor Information:** Device event data, such as when the Device is used, whether it is turned on or off, and when it is capturing video, motion or other sensor data. We provide additional details below regarding information collected by some of our Devices, which we collect in accordance with your Device settings:
    - **Cameras:** Our Services will collect video and images from your cameras in accordance with your camera storage settings, which may include images or videos of individuals.
    - **Watch, Band and Scale**: The Watch, Band, and Scale collect your height and weight, and fitness and exercise activity data. The Wyze Watch and Wyze Band have sensors that collect heart rate, metabolic information, speed and other distance and movement data. The Wyze Scale sensors

collect heart rate and weight, and information relating to your body composition, including body mass index, body fat, body water, muscle mass, and protein content.

- **Person Detection Information:** If you have enabled the person detection feature for your camera, then the Services analyze the video to help detect the presence of a person in that video (without trying to identify that person). We use this person detection information solely to provide and improve this feature. For most users, this person detection information is stored for a limited period of time in accordance with your video storage settings. However, if you choose to voluntarily submit a video to help improve our Services, we store this person detection information for as long as needed to provide and improve the Services but in no event longer than 3 years after the date you submitted the video.
- **Friendly Faces:** In jurisdictions where we offer Friendly Faces, if you enable Friendly Faces with your Cam Plus Unlimited, Cam Unlimited or Cam Protect Service, we automatically collect and record facial images of any individuals in your camera viewing area and create and store Facial Data from those images.
- **Descriptive Alert:** If you enable Descriptive Alert with your Cam Plus Service, we automatically collect and process the images in your videos, which can include individuals, in order to generate a description of the activity in the videos. Descriptive Alert may derive and draw inferences from the images in your video using generative artificial intelligence models or technologies to create a description or summary of the activity recorded. Unless you are a Friendly Faces subscriber who has that feature enabled on the camera, Descriptive Alert does not process the videos to identify or try to identify any of the people in your videos, but rather, describes the actions using generic descriptions (e.g. man, woman, child, delivery person, etc.). If you are a Friendly Faces subscriber who has that feature enabled on the camera in conjunction with Descriptive Alert, Descriptive Alert may use the identified name of the person from the Friendly Faces feature to generate a description of the activity in your video. If you consent to allow us to use your information for purposes of training our models or algorithms or improve our products and services, we will use your videos and the descriptions created by Descriptive Alert to develop or improve our algorithms, models, and/or machine learning technologies.
- **Activity and Usage Information:** When you use our websites and mobile apps, we collect information about how you access our Services, including data

about the device and network you use, such as your hardware model, operating system version, mobile network, IP address, unique device identifiers, browser type, and app version. We also collect information about your activity on our Services, such as access times, pages viewed, links clicked, and the page you visited before navigating to our websites.

- **Transactional Information:** When you make a purchase, return or warranty claim, we collect information about the transaction, such as product details, purchase price, and the date and location of the transaction.
- **Your Content:** With your permission, we collect information and content stored on your device, such as the photograph you choose to upload as your profile picture.
- **Location Information:** We derive the approximate location of your computer or mobile device from your IP address. With your consent, we may also collect information about the precise location of your mobile device in connection with your use of our mobile apps. You may stop the collection of precise location information at any time (see the **Your Privacy Rights and Choices** section below for details).
- **Information Collected by Cookies and Similar Tracking Technologies:** We use tracking technologies, such as cookies, pixels, and SDKs to collect information about your interactions with the Services. For example, we may use such technologies to recognize and alert you if you leave items in your shopping cart. These technologies help us improve our Services and your experience, see which areas and features of our Services are popular, and count visits. Additionally, when you interact with our Services, we and our online data partners or vendors may use cookies, pixels, ad beacons and similar technologies to associate these activities with information they or others have about you (including your email address). We (or service providers on our behalf) may send marketing and other communications to these email addresses. You may opt out of receiving this advertising by visiting https://app.retention.com/optout. For more information about the cookies and other tracking technologies we use, and the choices available to you, see the **Your Privacy Rights and Choices** section below.
- **Non-Personal Information From Your Videos:** We collect non-personal information from the content of your videos in order to help you better use and understand our Services or so that we can suggest other Services that might interest you. For example, we may analyze the lighting in your videos to suggest

better camera settings for a camera. To opt-out of this collection and use of non-personal information for these purposes, see the Your Privacy Rights and Choices section below.

Information We Collect from Other Sources

We obtain information about you from other sources. For example, we may collect information from publicly available sources, from third-party platforms through which you interact with us, and other third parties in connection with your purchase of or feedback regarding any of our products or services via those third parties. This information includes information about your purchase of a Device, information from reviews you post, your username and profile picture for those third-party services, and demographic information. In some cases, we may purchase personal data from third parties with whom we work to use in developing, training, and deploying our AI models.

Information We Derive

We may derive information or draw inferences about you based on the information we collect. For example, we may make inferences about your approximate location based on your IP address or infer that you are looking to purchase certain products based on your browsing behavior and past purchases. If you enable Friendly Faces, we infer that an individual is a specific person by matching Facial Data from images that your camera collects.

USE OF INFORMATION

We use the information we collect to provide, maintain, and improve our Devices and Services. We may also use the information we collect to:

- Process and fulfill your purchases;
- Personalize your experience with us;
- Develop new Devices and Services;
- Improve our products, Devices, and Services, including by using information to improve, train, develop, or deploy new algorithms, models, and/or machine learning technologies;
- Send you technical notices, updates, security alerts, and support and other transactional or relationship messages;

- Communicate with you about products, services, and events offered by Wyze and others, and provide news and information we think will be of interest to you (see the **Your Privacy Rights and Choices** section below for information about how to opt out of these communications at any time);
- Monitor and analyze trends, usage, and activities in connection with our Devices and Services;
- Target advertisements to you on third-party platforms and websites (for more information and to opt out, see the **Your Privacy Rights and Choices** section below);
- Target advertising to you when you use our Services based on information provided by our advertising partners (for more information and to opt out, see the **Your Privacy Rights and Choices** section below);
- Comply with our legal and financial obligations;
- Detect, investigate and help prevent security incidents and other malicious, deceptive, fraudulent, or illegal activity and help protect the rights and property of Wyze and others;
- Facilitate contests, sweepstakes, and promotions and process and deliver entries and rewards;
- Create de-identified, anonymized, or aggregated information; and
- Carry out any other purpose described to you at the time the information was collected.

TARGETED ADVERTISING AND ANALYTICS

We engage others to provide analytics, serve advertisements, and perform related services across the web and in mobile apps. These entities may use cookies, web beacons, SDKs, device identifiers, and other technologies to collect information about your use of our Services and other websites and mobile apps, including your IP address, web browser, mobile network information, pages viewed, time spent on pages or in mobile apps, links clicked, and conversion information. This information is used to deliver advertising targeted to your interests on our Services and other companies' sites or mobile apps and to analyze and track data, determine the popularity of certain content, and better understand your activity. If you are browsing our websites without logging in, we may engage vendors that use tracking technologies to help us better tailor advertising and marketing based on your prior visits. Some of our advertising partners enable us to translate your email address or phone number into an identifier that can't be used to identify you

personally. Our advertising partners then use that unique identifier to show ads that are more relevant to you across the web and in mobile apps. Some of the activities described in this section may constitute "targeted advertising," "sharing," or "selling" under certain laws. To learn more about the choices available to you with respect to these practices, see the **Your Privacy Rights and Choices** section below).

You can also learn more about interest-based ads, or opt out of having your web browsing information used for behavioral advertising purposes by companies that participate in the Digital Advertising Alliance, by visiting **www.aboutads.info/choices** or, in Canada, **www.youradchoices.ca**.

DISCLOSURE OF INFORMATION

In certain circumstances, we disclose (or permit others to directly collect) information about you. We disclose the information about you described above in the following ways:

- With vendors, service providers, and contractors that need this information to provide services to us, such as companies that assist us with web hosting, shipping and delivery, payment processing, fraud prevention, customer service, and marketing and advertising;
- If you provide a product review or otherwise post content on our Services, the public/other users of our Services will be able to see this information.
- In response to a request for information if we believe disclosure is in accordance with, or required by, any applicable law or legal process, including lawful requests by public authorities to meet national security or law enforcement requirements;
- If we believe your actions are inconsistent with our user agreements or policies, if we believe you have violated the law, or to protect the rights, property, and safety of Wyze or others;
- We may preserve or disclose information in response to a request for information if we believe preservation or disclosure is in accordance with, or required by, any applicable law or legal process, including lawful requests by public authorities to meet national security or law enforcement requirements;
- Between and among Wyze and our current and future parents, affiliates, subsidiaries, and other companies under common control and ownership; and

- With your consent or at your direction. For example, if you choose to integrate our Devices or Services with third-party services (such as voice assistants), then those services will collect certain types of data depending on the nature of the service. Please review their privacy policies for details on the information they will receive and how they process this information.

We may disclose aggregated or de-identified information that cannot reasonably be used to identify you. Wyze processes, maintains, and uses this information only in a de-identified fashion and will not attempt to re-identify such information, except as permitted by law.

We do not lease, rent, or sell Facial Data or data that could be considered biometric information under applicable laws.

YOUR PRIVACY RIGHTS AND CHOICES

Account Information

You may update and correct certain account information at any time by logging into your account on the Services. If you wish to deactivate your account, please email **privacy@wyze.com**, but note that we may retain certain information as required by law or for our legitimate business purposes.

Opting Out of Targeted Advertising, Sharing, and Sales

As described in the Targeted Advertising and Analytics section above, we process personal information to understand and improve your experience with our Services and to serve you advertisements on non-Wyze properties. Some of these activities may be considered "sales" or "sharing" of your personal information or "targeted advertising" under the law that applies to you.

Depending on where you reside, you may have the right to opt out of targeted advertising, sharing, and sales of your personal information. You can do so by following the prompts on our website.

Consent, Objection, and Related Rights

Depending on where you reside or the Services you use, you may have the right to object to certain processing, withdraw your consent where we process or disclose your information on that basis, and the right to request we restrict certain processing. For example, if you provided information to us such as your

race/ethnicity or sexual orientation as part of our DEI efforts, in addition to requesting deletion of this information, you can request that we stop processing this data. You may also opt-out of our collection and processing of non-personal data from your videos for providing insights about your use of our cameras. To exercise any of these rights, please email us at **privacy@wyze.com**.

Nondiscrimination

We will not discriminate against you for exercising your privacy rights.

Location Information

When you first launch our mobile app, you will be asked to consent to the app's collection of precise location information. If you initially consent to our collection of such location information, you can subsequently stop the collection of this information at any time by changing the preferences on your mobile device. If you do so, our mobile apps, or certain features, may no longer function properly. You may also stop our collection of this information by deleting our app from your mobile device.

Cookies

Wyze uses cookies and similar tracking technologies to analyze visits to our websites and interactions with our communications to help us improve our website, Services, and marketing campaigns. Most web browsers are set to accept cookies by default. If you prefer, you can usually adjust your browser settings to remove or reject browser cookies. Please note that removing or rejecting cookies could affect the availability and functionality of our Services.

Promotional Emails

You may opt out of receiving promotional emails from Wyze by following the instructions in those emails or by contacting us at **privacy@wyze.com**. If you opt out, we may still send you non-promotional emails, such as those about your account or our ongoing business relations.

Text Messages

If you want to opt out of text messages sent to your mobile device, including promotional or non-promotional text messages, you can reply "STOP" or

"UNSUBSCRIBE" to any message you receive, or to 71883. Please see our Supplemental Terms for Wyze SMS Program for more information.

Mobile Push Notifications/Alerts

With your permission, we may send push notifications to your mobile device. You can deactivate these messages at any time by changing the notification settings on your mobile device.

DATA RETENTION

Account Information

We store personal data associated with your account for as long as your account remains active. In jurisdictions where we offer Friendly Faces, if you enable Friendly Faces, we delete any Facial Data after 30 days if you do not assign it a name, and if you or we terminate your Cam Plus Unlimited, Cam Unlimited or Cam Protect Service, we delete all Facial Data associated with your account after 180 days of the termination date. If you discontinue your Friendly Faces service, we will delete all Facial Data associated with your account within 180 days the date you discontinue your service unless you resume your Friendly Faces service before that date. In addition, If you close your account, we will delete your account data within 180 days; otherwise, we will delete your account data after three years of inactivity. We store other personal data for as long as necessary to carry out the purposes for which we originally collected it and for other business purposes explained in this Privacy Policy.

TRANSFER OF INFORMATION TO THE U.S. AND OTHER COUNTRIES

Wyze is based in the United States and we process and store information in the U.S. and other countries. Therefore, we and those that perform work for us may transfer your information to, or store or access it in the United States or jurisdictions that may not provide levels of data protection that are equivalent to those of your home jurisdiction.

CALIFORNIA AND OTHER STATES NOTICE OF COLLECTION AND PRIVACY RIGHTS

California law, as well as privacy laws in Colorado, Connecticut, Delaware, Iowa, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Tennessee, Texas, Utah and Virginia afford consumers residing in those states

certain rights with respect to their Personal Information. If you are a resident of those states, this section applies to you as indicated and supplements the information provided to you in our Privacy Policy.

Categories of Information Collected

We collect, and have collected, in the preceding 12 months, the following categories of personal information:

- Identifiers
- Customer Records Information
- Commercial information
- Information that could be considered biometric data
- Internet or other electronic network activity information
- Precise geolocation data
- Audio, electronic, visual, or similar information
- Inferences
- Sensitive personal information (see below)

For more information about the data points we collect and the categories of sources of such collection, please see the **Collection of Information** section above.

Retention of Personal Information

For information about how long we retain personal information, see the **Data Retention** section above.

Business Purposes for Collection, Use, and Disclosure of Personal Information

We collect, use, and disclose personal information for the business and commercial purposes described in the **Use of Information** section above.

Disclosures of Personal Information for a Business Purpose

In the preceding 12 months, we have made disclosures for business purposes to the following categories of recipients:

Category of Personal Information	Categories of Recipients

Identifiers	• Web hosting and cloud storage providers • Customer support services providers • Customer feedback services providers • Data analytics providers • Fraud prevention services providers • Advertising partners
Demographic information	• Customer feedback services providers
Commercial information	• Customer support services providers • Customer feedback services providers • Data analytics providers • Fraud prevention services providers • Advertising partners
Internet or other electronic network activity information	• Web hosting and cloud storage providers • Data analytics providers • Fraud prevention services providers • Advertising partners
Geolocation data	• Web hosting and cloud storage providers

	• Customer support services providers • Customer feedback services providers • Data analytics providers • Fraud prevention services providers • Advertising partners
Audio and visual data	• Web hosting and cloud storage providers • Customer support services providers • Customer feedback services providers • Data analytics providers • Fraud prevention services providers • For applicable Services, Service providers that provide services relating to generative artificial intelligence models and technologies
Inferences	• Advertising partners

Sale of Personal Information

State privacy laws require certain disclosures about Personal Information we "sell." Under these state privacy laws "sale" means certain scenarios in which Wyze has disclosed Personal Information to third parties in exchange for valuable or monetary consideration. Under California privacy law, the "sharing" described below also constitutes a "sale." Accordingly, Wyze "sells" Personal Information as

described in the **Third Parties With and To Whom We Share Personal Information** section below.

California Sharing of Personal Information

California law also requires that we notify you if we "Share" your Personal Information with third parties. "Sharing" in this context means that we make available or otherwise disclose your information to third parties for cross-context behavioral advertising, such as targeting of advertising to you based on your Personal Information obtained from your activity across businesses, websites, apps, and services other than our Services.

Third Parties With and To Whom We Share and Sell Personal Information

We "share" personal information for the following commercial purposes: to advertise our products to you. We share the following categories of personal information to the following categories of third parties:

Category of Personal Information	Category of Third Parties
Identifiers	Advertising networks, internet service providers, data analytics providers, operating systems and platforms, and social networks.
Internet or other electronic network activity information	Advertising networks, internet service providers, data analytics providers, operating systems and platforms, and social networks.

We do not knowingly sell or share personal information about consumers under the age of 16 or a younger age, in accordance with applicable law. Wyze does not sell or share Facial Data or information that could be considered biometric information under applicable laws.

Sensitive Personal Information

State privacy laws specify certain rights with respect to our collection of certain information those laws designate as "sensitive" personal information ("Sensitive Personal Information"). We obtain consent to collect that information in those states where consent is required and offer rights to opt-out or limit the use of Sensitive Personal Information where legally required. Moreover, each state's privacy law may consider different pieces of information to be Sensitive Personal Information. When we notify residents of certain states that we collect Sensitive Personal Information, that means that we collect Sensitive Personal Information within the meaning of the law of that particular state. We collect Sensitive Personal Information in California, Colorado, Connecticut, Delaware, Iowa, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Tennessee, Texas, Utah and Virginia. We may collect the following types of Sensitive Personal Information, to the extent included in your state's definition: precise geolocation information and Facial Data, which could be considered biometric data in some jurisdictions. We only use Sensitive Personal Information to the extent necessary to provide you the products or services in connection with which we collected that information or as permitted by applicable law. We do not use Sensitive Personal Information to infer characteristics about you.

Your Consumer Privacy Rights

Depending on where you reside, you may have the right to request (1) to know more about and access your personal information, (2) a list of specific third parties to whom we have disclosed your personal information or a list of specific third parties to whom we have disclosed any personal information, (3) deletion of your personal information, and (4) correction of inaccurate personal information.

To request access, correction, or deletion of your personal information, please email us at **privacy@wyze.com** or call our toll-free number at (844) 999-3226. You can also access, correct, or delete certain information stored within your Wyze online account by logging into your account and visiting the "My account" page on our website, or visiting the "Account" page in the mobile app.

We may verify your request by asking you to provide information related to your recent interactions with us, such as by asking you to provide information that matches what we have on file about you or by having you log into your account to submit or confirm the request. If we deny your request, you may appeal our decision by contacting us at privacy@wyze.com. If you have concerns about the

results of an appeal, you may contact the attorney general in the state where you reside.

You have the right to opt out of sharing and sales at any time by clicking the "Do Not Sell or Share My Personal Information" link on our webpage and/or by toggling the slider of the "Opt Out of Data Sharing" setting in Account settings of our mobile app (under the "About" menu). You can also opt out of certain targeted advertising, sharing and sales by visiting our Services with a legally-recognized universal choice signal enabled (such as the Global Privacy Control). Please note that, depending on which legally-recognized opt-out preference signal you use and whether you are logged into your account with us, our processing of the signal may be limited to the specific browser or device that you are using. You may need to renew your opt-out choice if you use a different browser or device to access our Services. Please see the **Your Privacy Rights and Choices** section above for more information about the privacy rights you have as a California resident, how to exercise your rights, and how we will verify your requests.

If you are submitting a rights request as an authorized agent, you are required to submit proof of your authorization to make the request, such as a valid power of attorney or proof that you have signed permission from the individual who is the subject of the request. Please do not provide any sensitive personal information in connection with this request, such as a driver's license or other government-issued ID. In some cases, we may be required to contact the individual who is the subject of the request to verify his or her own identity or confirm you have permission to submit this request. If you are an authorized agent seeking to make a request, please email us at **privacy@wyze.com**.

California Notice of Financial Incentive

We offer various financial incentives. For example, we may provide discounts, coupons, or other benefits to customers who join membership programs or sign up to receive our marketing emails or text messages. When you participate in a financial incentive, we may collect personal information from you, such as identifiers (like your email address or phone number), commercial information (like your purchase preferences and interests or purchase history), inferences drawn about your preferences, and other categories of personal data that relate to or are reasonably capable of being associated with you. You can opt into a financial incentive by following the sign-up or participation instructions provided, and, for

any ongoing benefits, you can opt-out at any time, such as by following the unsubscribe instructions in the applicable program's terms and conditions, promotional emails, or text messages, or contacting us at **privacy@wyze.com**. In some cases, we may provide additional terms and conditions for a financial incentive, which we will provide to you when you sign up. The value of your personal information is reasonably related to the value of the offer or discount presented to you.

NOTICE TO USERS IN CANADA

If you reside in Canada, this additional notice applies to you.

By submitting personal information to us or our service providers, you consent to the collection, use, disclosure, and transfer of your personal information in accordance with this Privacy Policy and as permitted or required by law.

If you are located in Canada and would like to request access or changes to the personal information that we process about you or withdraw your consent, please contact us at **privacy@wyze.com**, or at the address provided in the contact us section below. We will consider your request in accordance with applicable laws. Note that before we can process any request regarding your personal information, we may require additional information from you in order to verify your identity. If you withdraw your consent (or if you decide not to provide certain personal information), you acknowledge that we may not be able to provide you with certain products, services, or information.
