6. HOW DOES BUDGE STUDIOS HANDLE CHILDREN'S INFORMATION?

Budge Studios has developed its Platforms to be an enjoyable experience for users of all ages. Some parts of the Platforms are primarily intended for children, such as our Apps, while others are intended for parents, such as our Sites. Whenever we refer to children in this Privacy Policy, we mean children under the age of 13 (or, if outside the U.S., under the age of digital majority).

Budge Studios complies with the Children's Online Privacy Protection Act (COPPA), a U.S. law designed to protect the online privacy of children. If you are a data subject in Europe or a California resident and have a child under the age of 16, please see the What Should I Know as a Data Subject in Europe? and What Should I Know as a California Resident? sections.

If you have any questions or comments about how we treat children's information or our compliance with COPPA, please contact us as set out in the How Do I Contact Budge Studios? section. If you would like to learn more about COPPA and ESRB Privacy Certified's Kids Privacy Seal, which signals our compliance with COPPA, you can refer to the Children's Privacy section of the Federal Trade Commission's website.

A. Websites

Budge Studios does not knowingly collect personal information as defined by COPPA from children through its Sites. If we learn or have reason to suspect that we have collected personal information from a child in violation of COPPA, we will promptly delete it. Parents should note that if they provide information about their child, COPPA will not apply to that information.

B. Collection, Use, and Sharing of Information from Children.

- **Photos, Videos, and Audio** - Our Apps may request access to the device's camera, photo album, or microphone to provide in-game functionality. For example, a child may blow into the microphone in order to blow out cartoon candles or take a photo of their arm with a cartoon bracelet and save that image to their local device. Budge Studios does not store or share any photos, videos, or audio files that contain children's images or voices through our Apps. All photos, videos, and audio files are stored locally on the device only and we do not encourage or enable children to make such information publicly available online. We do not request, prompt, or encourage children to submit personal information online.

- **Persistent Identifiers** - Budge Studios collects, uses and shares persistent identifiers (digital labels specific to a user's device) through our Apps solely for the purpose of providing support for the internal operations of the Apps or as otherwise permitted by COPPA and other applicable data protection laws. This information may be collected by Budge Studios or another entity providing a service to Budge Studios.

- **In-App Advertising** - Some of our Apps incorporate advertising serving technology offered by our service providers (through SDKs), which enable advertising to be temporarily uploaded into the game and displayed while the user plays. The data collected for this purpose, often through "persistent identifiers" may be used for ad attribution and related internal operations purposes such as allowing our service providers to calculate the number of user views, cap the frequency of ads, and serve ads in a format that fits the device. While our Apps may contain contextual advertisements about Budge Studios or products and services of another entity, we prohibit behavioral advertising to children in our Apps or through data collected from our Apps.

We do not collect more personal information from children than is reasonably necessary to use our Apps.

- **Security** – We take reasonable measures to maintain the confidentiality, security, and integrity of the information collected through our Apps as explained in Section 9, below. This includes taking reasonable steps to release such information only to entities capable of maintaining its confidentiality and security. We retain children's personal information only as long as necessary to fulfill the purpose for which it was collected, and delete such information using reasonable measures to protect against its unauthorized access or use.

- **Parental Choices and Controls** - If you are a parent or guardian and believe that we have collected your child's personal information in violation of COPPA, please contact us as set out in the How Do I Contact Budge Studios? Section, and we will remove such information to the extent required by COPPA.

7. WHAT SHOULD I KNOW ABOUT THIRD PARTIES?

If you click on a link to a website, platform, or service not controlled by us, including on an advertisement or an ad provider link, you will leave the Budge Studios Platform you are visiting and go to the site you selected. Also, if you visit our brand page on a social media platform, you will also be interacting with that platform. These other entities may use tracking technologies to independently collect information about you and may solicit information from you. We encourage you to review the privacy policies of these other entities from whom you request services. If you visit a website, platform, or service that is linked to on a Budge Studios Platform, you should consult that site's privacy policy before providing any information on that site.

8. WHAT ARE MY RIGHTS AND CHOICES?

A. Reviewing, Correcting and Deleting Your Information.

If you wish to request access to certain information you have voluntarily submitted to Budge Studios or request that such information be corrected or deleted, or if you have any questions, comments, or concerns about this Privacy Policy or the information practices of Budge Studios, please contact Budge Studios as set out in the How Do I Contact Budge Studios? section. We may take reasonable steps to verify your identity before granting access or making corrections. Please note that we will retain and use information about you as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

If you believe we have collected and stored any personal information from children under 13 or the age of digital consent in other jurisdictions, parents or legal guardians can request access to review such information, have it deleted, or stop our further collection or use of such information. To make any of these requests (when applicable), please contact us as set out in the How Do I Contact Budge Studios? section below.

B. Tracking Technology Choices.

- **Cookies** - Most browsers accept cookies by default. If you would prefer not to receive cookies, you can alter the configuration of your browser to refuse or delete cookies. If you use multiple browsers on your device, you will need to instruct each browser separately. Your ability to limit cookies is subject to your browser settings and limitations. If you choose to have your browser refuse cookies, some areas of our Sites may not function properly.

- **Do Not Track** - Users can set privacy preferences through the Do Not Track ("DNT") mechanism in certain web browsers. In addition, some browsers or plug-ins use a "Global Privacy Control" ("GPC"), which allows you to opt out of certain data processing. (You can learn more about the GPC at https://globalprivacycontrol.org/.) Please note that we do not respond to or honor DNT signals or similar mechanisms transmitted by web browsers. If our site detects a GPC signal from your device, however, we will interpret it as either a Do Not Sell request or a request to limit the sale or sharing of personal information for targeted advertising depending on the law applicable to your jurisdiction. Note that we do not engage in any behavioral advertising to children.

- **App Technologies** - You can stop all collection of information via an App by uninstalling the App.

C. Analytics.

Some service providers we work with offer their own opt-out tools for tracking technologies.

For Google Analytics, you can find their opt-out by visiting: https://tools.google.com/dlpage/gaoptout?hl=en-GB and downloading the Google Analytics Opt-Out Browser Add-on, or visiting Google Analytics for Display Advertising of the Google Display Network at https://www.google.com/settings/ads/onweb/.

Please note that any opt-outs only apply to the specific browser or device from which you opt-out. We are not responsible for the effectiveness of, or compliance with, any entity's opt-out options or programs or the accuracy of their statements regarding their practices or programs.

9. HOW DOES BUDGE STUDIOS PROTECT THE SECURITY OF MY INFORMATION?

We implement and maintain reasonable and appropriate administrative, physical, and technical security safeguards designed to help protect the security, integrity, accuracy and privacy of the information you have provided from loss, theft, misuse and unauthorized access, disclosure, alteration and destruction. Nevertheless, transmission via the internet is not completely secure and we cannot guarantee the security of information about you.

10. FOR HOW LONG DOES BUDGE STUDIOS STORE MY INFORMATION?
